BAKE-AT-HOME SHORTBREAD

Keep frozen until ready to use. Preheat oven to 350° F. Cookies can either be decorated with sugar or icing. For iced cookies, skip to step 2.

1. Brush shape very lightly with water and sprinkle with sanding sugar as desired.

Tips for Success:

- Brush with just enough water for sugar to adhere. Too much water and sugar will spread.
- If cookies have softened while decorating, return to freezer before baking. Cookies will retain their shape better if baked from frozen.

2. Arrange on baking tray, using parchment provided. Bake for 8 minutes, turn tray and bake for another 5-6 minutes until cookies are just beginning to brown around the edges.
